Talking with others about your experiences, both before and after meetings, can often bring surprising results. A chance word may result in your learning how someone else overcame a problem you have, or the other person discovering how you mastered a problem they have. Come along to this meeting of the Gold Coast Stroke Support Group for you will almost certainly find someone there who has had a similar experience to your own. They may be able to suggest from their own trauma ways and means to give you: -

***A BETTER QUALITY OF LIFE.***

*PLEASE REMEMBER THE NATIONAL STROKE FOUNDATION'S IMPORTANT MESSAGE*
